5.	Source did not observe an AA computor in the emplacement having seven AA guns.	*
	An antenna on two masts was next to the tents near the AA gun emplacement. The	
	masts were about 6 meters high, and the antenna had a length of about 15 meters A lead-in extended to a tent. The trucks which were previously parked near the	fo .
	gum emplacement were no longer there.	/VA
